

Concentrated all-natural LobsterStock

Product Details – The Concept of NorthTaste Ltd.

NorthTaste is committed to producing high-quality Concentrated All Natural Seafood Stocks. We call our products NorthTaste to emphasize their exquisite flavor and aroma. Our new unique process utilizes enzymes from the codfish to extract the flavor from raw materials of superior quality. To preserve the natural taste of the seafood, mild conditions and minimum heat treatment are applied. No artificial additives are used, giving the product the highest purity and natural qualities. By using this method, NorthTaste preserves the natural taste of the seafood. Through our international connections, NorthTaste has consistent access to high quality raw material sourced from the sea. Recipes are available for each of our delicious flavors

Source material	Lobster (<i>Homarus americanus</i>)
Ingredient statement	Lobster, salt, and deactivated codfish enzyme
Description	All-natural concentrate, red color is due to the high concentration of carotenoids such as astaxanthin, clean label.
